Residential Service Plumber/Technician

Description

We are seeking an experienced residential plumber for a full-time position. We are a family owned and operated company out of Mullica Hill, New Jersey. We need an individual who is experienced with basic plumbing diagnosing and trouble-shooting skills, as well as plumbing fixture installations, slab leak repairs, re-routes, etc. We pride ourselves on giving the best service around and are looking for someone who can join our team in continuing to provide excellent service.

Responsibilities

- Carry out regular maintenance of plumbing systems at commercial and residential sites
- Perform installation of plumbing systems at new properties
- Inspect previously installed plumbing systems at commercial and residential sites
- Perform any necessary repairs to previously installed systems
- Answer calls for plumbing issues from general contractors
- Keep up to date with current safety regulations and requirements for the various plumbing systems a company installs and maintains
- Work carefully to follow all current regulations for plumbing work to ensure that all installed systems pass inspections
- Communicate well with clients to ensure client satisfaction
- Communicate well with team members and fellow employees
- Keep detailed reports of work done at various job sites
- Provide information regarding plumbing system upkeep to clients

Qualifications

- Minimum 5 years of experience with service and repairs
- Valid driver's license
- Consent to a drug screening
- Willing to commute to jobs in all of our service areas
- Willing to work overtime and weekends, if needed
- Must use personal cell phone for work
- Team player
